## You Have Been Gifted 3 Months of a Cozy Mystery Box

"Cozy" mysteries are those that do not include gore or sex. Typically they take place in a small town with an amateur sleuth. Think Miss Marple, Cabot Cove Maine, and Hallmark channel movies. Each month books are selected by Sam, our co-owner who has been reading cozies since she was 13. They may be the first in a series, the latest in a popular series, a reprint of a classic, or a group of books fitting a cozy theme (like baking or crafting). The books will be a mixture of mass market paperbacks, trade paperbacks, and/or hardcovers (it really depends on the theme and availability). Each box also includes a little themed goodie (stickers, bookmarks, chocolates, tea, candles, etc. )

## You Have Been Gifted 3 Months of a Science Fiction/ Fantasy Box

“There are more things in heaven and earth, Horatio, than are dreamt of in your philosophy.” Let’s dive deep into the fantastic with fantasy, science fiction, alternative history, and so much more; in worlds that seem to already exist just at the edge of our imaginations. We’ll provide at least one hardcover and one paperback of the latest trendsetters, or an underappreciated modern classic, selected by Alex, our librarian and lover of the new world we haven't visited yet.
